#### INTRODUCTION

The search for meaning in human existence and the why and how of human behaviour continues for all of us when interacting with people. Very often the crux of a successful working environment is successful human relationships. "Born to Win" endeavours to understand people and help them modify behaviour/personality problems usually attributed to heredity and environment. Based on transactional analysis, it gives people a rational method of analyzing and understanding behaviour while inputs of gestalt therapy give people a useful method for discovering the fragmented parts of their personality, integrating them and developing a core of self confidence. This book can be used as a guide and reference for those interested in enriching their lives and their interpersonal relations and realize, most importantly, that — "You were born to win".

You You Can Win: A Step By Step Tool For Top Achievers is a best-selling self-help book by motivational speaker Shiv Khera. Summary of the Book Success is a hard commodity to obtain. However, like everything in our lives, it only needs careful planning, and deliberation. All success is deliberate, reveals Shiv Khera, and there is nothing magical about winning. Using common sense and varying lessons taken from ancient wisdom to modern philosophy, he shows how we can deal with issues of our daily lives, and how we can turn otherwise bad situations into good ones. He helps readers take charge of their lives, and decide for themselves how they wish to go forwards in situations they once thought were terrible. Transforming negative thoughts into positive ones is the key, he reveals, and this book follows his motto of translating thoughts into winning actions. The attitude, motivation, interpersonal skills, self esteem and the subconscious mind are all that matter, and it is this that the book tries to teach readers. After all, he tells us, winners don't do different things. They just do ordinary things differently. About Shiv Khera Shiv Khera is an Indian leadership skills trainer and author of self-help books. Inspired by Norman Vincent Peale, Khera has written several books on the topics of success and fulfillment, including: Living With Honor and Freedom is Not Free. Shiv Khera donned a series of roles from car washer and a life insurance agent to a franchise operator before becoming a motivational speaker and trainer. He is also set to appear in the upcoming inspirational film Carve Your Destiny, directed by Anubhav Srivastava. Some people believe that success is the other word for the destination; they believe that if you reach your dreams, you will be successful; nevertheless, this is simply the definition of success for those who want to become millionaires.Success, according to the book, is a journey rather than a destination. It is the trip of your self-belief, or to put it another way, success is the path of your dream.
